## STAMPEDE AT LONE OAK

FIRE IN RESTAURANT UNDER THE OPERA HOUSE.

A Large Audience Above Listening to a Lecture on Modern Woodcraft.

Special to the Herald: Lone Oak, Tex., Jan. 25.—As Hon. Horace Huron was lecturing to the Modern Woodmen in the opera house tonight a fire broke out in the rear end of a restaurant under the auditorium about 9 o'clock. The first indication had of the fire was smoke coming up into the opera house. There were about three hundred men and women present and a stampede ensued, several jumping out of the windows. However the crowd got out with no one hurt. The fire brigade soon had the flames under control.

Corbett & Palk, groceries in room adjoining the restaurant with a board partition between, were damaged \$200 or \$300, covered by insurance. The restaurant loss probably \$100. No insurance.

The building was injured about \$200, and is insured. The opera house was damaged about \$100 by cutting the floor to get at the fire, and is insured.

The restaurant had been closed an hour, and had there been no crowd upstairs a disastrous fire would have occurred as a high wind is blowing.

## HOT WORDS IN CONGRESS

A NEW YORK MEMBER DENOUNCES ARKANSAN.

Declares Charges Were Untrue—Said Trip Had Increased Revenues Over Three Millions.

Washington, Jan. 25.—Denouncing as "infamously and maliciously and wantonly false" the statements made in the house yesterday by Representative Macon of Arkansas, Representative Bennett, New York member of the immigration today defended the commission against attacks made up on it yesterday.

Bennett was absent when the discussion which resulted in striking out \$125,000 deficiency appropriation for completing the work of the commission took place. Bennett declared the gentleman from Arkansas by a five minutes walk from the capitol could have reached the headquarters of the commission and learned that his charges were untrue.

Mr. Bennett insisted as a result of the trip abroad the bond tax on immigrants was raised by legislation of 1909 which had increased the amount in the treasury \$2,300,000. "We each paid more from our own pockets than we charged to the government," said Mr. Bennett. "It was proposed we be granted a lump sum and we insisted upon declining the proposition in favor of itemized accounts. If the gentleman will go to the treasury department he will find what every egg I ate for breakfast cost."

## CONTEST AT FEVER HEAT

FARMERS' UNION MEN ARE IN CONVENTION.

Lively Times Are On Hand at the Meeting Now Open at Fort Worth.

Fort Worth, Jan. 25.—Organization of the Texas Farmers' Union convention occupied the entire morning and the fight on the vital issue of secession from the National Union came up this afternoon, when President Loudermilk of the state organization and the executive committee presented arguments in favor of withdrawing of five hundred delegates, representing one hundred and fifty counties. The opposition leaders, E. A. Calvin, N. C. Murray and O. P. Pyle, former president of the State Union, are here ready for the fray. Mr. Calvin declared: "I am here as a peaceable onlooker, and hope to see an adjustment of the trouble."

He admitted he would probably participate in the proceedings, however. Mr. Calvin insists the meeting is only a conference while L. F. Townsend of the executive committee and Mr. Loudermilk says it is a convention with full and binding powers. This point itself will cause a warm dispute.

Gus Shaw, gubernatorial candidate of the farmers, addressed the delegates today.

## SONG WRITER IN POORHOUSE.

Dope and Boose Get Author of "Bill Bailey" and "Goo-Goo Eyes."

Detroit, Mich., Jan. 25.—Hugh Cannon, who wrote "Goo Goo Eyes," "Ain't That a Shame," "Bill Bailey," and other classic of ragtime, was sent to Holme poorhouse today at the age of 36. He told the story of his life in short, expressive sentences. "I quit the coke easy," he said. "Fifteen days in jail cured me of that. I hit the pipe in New York for a year and stopped that. I went up against the morphine hard and quit, but booze, red oily booze—that's got me for keeps."

"I started when I was 16; I'm now 36 and except for seven months on the wagon I've been picked most of the time. It was 20 years—twenty black, nasty, sick years—with only a little brightness now and then when I made good with some song."

## JACK SHATLEY SUICIDES

TAKES TWO OUNCES OF CARBOLIC ACID.

Married But Six Months—Was Connected With Picture Show in Sherman.

Denton, Jan. 25.—At noon today after vainly endeavoring to effect a reconciliation with his bride of six months, Jack Shatley rushed from their rooms in the Metropolitan Hotel on Main street and hastened to the Waldron Drug Store where he purchased two ounces of carbolic acid. Entering the hotel at the top of the stairway in the presence of Mrs. H. C. Sims and Mrs. Veda Cook and his horrified wife he drank the contents and sank to the floor of the hall. He was picked up, the Constable's office notified and a physician summoned, and when the doctor arrived had been placed on the bed in room 3. Every effort of the doctors was unavailing and just 15 minutes after taking the poison he died.

The flesh of the face about the mouth was slightly discolored and the intense pain of the acid gnawing at his vitals twisted the face into grotesqueness. As the end drew near, however, and the face grew greenish white the grimaces faded out and he died with an appearance of peacefulness that was anything but indicative of the turmoil that his soul endured before he committed the hasty fatal act.

He was but nineteen years old and six months ago wedded Miss Zelma Rice with whom he lived happily for some months. Then dissection entered the home and a separation followed. He vainly implored his wife to return to him and angered by her refusal, threatened suicide, but this did not avail and until he swallowed the acid it was with incredulity that the threat was realized.

After the end his wife broke away from the restraining hands of her friends and rushed to the inanimate body of the man, seemingly overcome with grief. Jack Shatley is a son of Nate Shatley of Sherman and for some time was employed in the Lyric moving picture theater there. He came here to see his wife who was visiting a sister at the Metropolitan. He was once a newsboy and was known to practically every one in Sherman.

## STOCKS BREAK SEVERELY

DISORDER FOLLOWS HEAVY LIQUIDATING SALES.

Taft Goes to the Rescue—Denies Administration Has Decided Upon Onslaught on Business Interests.

New York, Jan. 25.—The stock market at the opening today broke severely, due chiefly to liquidating sales, causing great disorder to trading. United States Steel dropped two and a half; Amalgamated Copper, three and one-quarter; Union Pacific, three; Southern Pacific, two and one-quarter.

## TAFT TO THE RESCUE.

Denies That Administration Is Going After Business Interests. Washington, Jan. 25.—President Taft in a statement today stated that the purpose of the administration in reference to prosecutions under the anti-trust law were none other than set forth in the message of the President on January 7, and that the sensational statement that there had been a new departure and indiscriminate prosecution of important industries would be untrue.

## JUDGE MECK WAS FIRM

INSTRUCTED VERDICT IN CLEM BROWN SUIT.

Attorneys for Plaintiff Intimated Would Ask New Trial and Possibly an Appeal.

Dallas, Jan. 25.—In a rather sensational charge to the jury, Judge E. R. Meek in the Federal district court this morning, instructed the body to bring in a verdict in favor of the defendants in the damage suit of Clem Brown vs. the Southwestern Telegraph and Telephone company. Brown sued for \$25,000, alleging personal injuries received from the result of a shock while repairing certain apparatus at Greenville some two years ago.

Before delivering his charge, Judge Meek remarked to the jury in all seriousness, that he wished there was some way in which he could submit the case to them for their unbiased decision. He said, however, that there was nothing, as he viewed the law, which would prevent his instructing a verdict in favor of defendants.

"It is an outrage upon a court of justice," said the court, "to bring such a case before it," intimating that from the evidence he could not see the grounds for the plaintiff's suit. The jury returned a verdict without leaving their seats.

In his remarks to the jury, Judge Meek said that he considered, from the evidence, that it was the duty of plaintiff to keep the lines in repair himself, and that any injury received must have been the result of the lines not being so kept.

It was intimated by attorneys for the plaintiff that an application for a new trial would be made, and that falling in this, an appeal on the ground of no jurisdiction would be made. The case has been on the docket for several terms.

## BIG DROP IN FOOD PRICES

AGITATION THROUGHOUT COUNTRY HAS ITS EFFECT.

Milk, Eggs and Butter Lead the General Decline—Meat Also Tumbles.

New York, Jan. 25.—Milk, eggs and butter led the procession in receding prices in food products here today. The nation wide agitation, aided by potent local influences, brought about the drop. Meat, too, is on the decline, following a greatly reduced consumption. Milk is down one cent and eggs five cents per dozen.

Weather conditions are none too propitious for the Union Square mass meeting to protest against high food prices, but a great outpouring is nevertheless expected.

## BOYCOTT AT TULSA.

Two Thousand Union Men Will Eat No Meat.

Tulsa, Okla., Jan. 25.—The Central Trades Council with over two thousand members today declared a boycott on meat eating and urged all labor unions to take similar action. All members are observing the declaration.

## FLOOD RAVAGES CONTINUE.

Fifty Thousand Soldiers Aiding in Fight on the Waters.

Paris, Jan. 25.—Fifty thousand soldiers were placed at the disposal of the authorities today to fight the flood, whose ravages are spreading consternation throughout the city today.

The water at Port Royal touched twenty-six feet above low tide and is rising at the rate of half an inch per hour with prospects of the rise continuing. The damage already done is incalculable.

## IF IT'S DRUGS

You want come to us. Our stock is the most complete and up-to-date of any Drug Store in the country. It don't cost you any more to trade with us than it does at any other store. Why not come in today and start your buying from us. Both of us will be glad.

**Perkins Pharmacy**

## GOOD TRUSTS ARE O. K.

Administration Has No Intention of Going After Them.

Washington, Jan. 25.—President Taft today made public the following statement to reporters that the administration was planning a crusade against unlawful combinations of capital, no statement has been issued, either from the attorney general's office or the White House, indicating the purpose of the administration with reference to prosecutions under the anti-trust law other than set forth in the message of the president on January 7, 1910. Sensational statements as if there would be a departure and indiscriminate prosecution of important industries have no foundation. The purpose of the administration exactly has already been stated in the president's message.

## CHAOS AT FRENCH CAPITAL

PARIS IN VENTER OF MINIATURE OCEAN.

Consternation Reigns Throughout the City—Damage Grows Hourly. Cemeteries Washed Out.

Paris, Jan. 25.—Fifty thousand soldiers, comprising the aristocracy of Paris, were placed at the disposal of the municipal authorities this morning to fight the flood whose ravages are spreading ruin and consternation throughout the city.

At 8 o'clock this morning water at Port Royal touched twenty-six feet above low tide, and was rising at the rate of nearly one-half inch an hour, with the prospects of the rise continuing until midnight. The damage done is incalculable. The industrial life of the city is rapidly becoming paralyzed. Only two sections of the subway are in operation, while three-fourths of the surface lines are tied up. Factories are shutting down because of the lack of power, due to the electric plants having been flooded. Half of the telephones of the city are out of commission and telegraph and railroad communication is demoralized.

The weather grows worse, instead of better, and at noon Paris was the center of the area of low pressure, and bitter cold and rain and sleet is falling throughout the flooded regions, adding to the suffering of the poor and homeless ones.

The price of bread and other food has increased owing to the fact that communication with the provinces is crippled.

With the rise of the flood but a few inches higher pumping stations still in operation must stop, and Paris, in the midst of a miniature ocean, will be without water fit to drink.

The situation in between twenty a thirty suburban towns above this city is worse than in the capital itself. At Charenton, where the swollen River Marne enters the Seine, an area of 200 square miles has been flooded. At Alfortville the cemetery has been washed out and caskets lifted from their resting places are floating down the stream.

Attractiveness is the Key Note to This UNUSUAL DISPLAY OF

## Laces and Embroidery

Fashion smiles upon laces and embroideries of all kinds for summer, every variety will be freely used as trimmings for dresses, waists, or underwear.
